ABOUT ME

I have got 4 years of experience and a solid background in React.js and Web Designing. Proficient in transforming mockup designs into HTML and styling them with CSS and LESS. Skilled in JavaScript, JQuery, and integrating backend APIs for seamless functionality. Adept at working with WordPress and Shopify to build and enhance websites.

EDUCATION

DAV COLLEGE, NAKODAR

2014-2016

MEHR CHAND POLYTECHNIC COLLEGE

2018-2020

EXPERTISE

HTML 5

CSS/LESS/SCSS

Bootstrap/Tailwind

Javascript/ JQuery

Reactjs/ Nextjs

Nodejs(basics)

Wordpress(basics)

Shopify

Experience

07-04-2020 - 28-04-2021
The Knowledge Academy

Web Designer

At this company, I turned XD designs into HTML, styled with CSS and LESS. I used JavaScript and JQuery to add interactive features and worked closely with the backend team for smooth integration.

24-05-2021 - 30-08-2023
Codenomad, Mohali

Web Designer

I became a Frontend Developer specializing in React.js, turning mockups into HTML and building React components. I also integrated backend APIs to keep everything running smoothly.

01-08-2024 - Present
RocketPOS, Noida

Frontend Developer

My role here is pretty much the same as before. The main change here is that this is a Product-based company and being one of the initial hiring of this company, my job here is to manage the Frontend team and to redesign the company's Dashboard and Super admin Panel.
